CITY SCHOOLS TO OPEN MONDAY

Large Attendance is Expected.

And Every Available Seat Has Been Arranged—Lampman Building Ready For Occupancy—Addition to Asheboro Street School To Be Built—Commercial Department Added—Those Who Will Assist Supt. Mann In The Work.

The fall term of the Greensboro city schools will begin Monday morning at 9 o'clock and early on Monday morning the small children will be seen gathering up their school bags and scurrying towards the several buildings. This will be their daily performance until Christmas when a respite of two weeks will be granted.

All the minor details for the opening have been arranged, states Supt. J. L. Mann, or all that can be arranged at present have. Every available seat has been arranged in order to accommodate the attendance that is expected. The old store building will have to be used again this year, or until the Spring street building is ready for occupancy. The market house on South Davis will also have to be used this year. The capacity of the buildings will be taxed to accommodate the children.

The Lampman property on West Lee street will be in use, the house having been remodeled and cut into four rooms. Four rooms will be added to the Asheboro street school and when this is done the overflow at Asheboro street and the Normal will be accommodated. The Lee street building will be ready for occupancy Monday, but it will be some time before the addition to the Asheboro street school is completed, the bids for which have not been accepted.

The Davis street school, the market house, will be occupied by the girls in the grammar grades, and the boys in the building on Lindsay street, formerly used partially by the High School. All the High School classes will be placed in the brick building in Lindsay street, formerly occupied by the grammar grades.

This year a commercial department will be added to the High School, the students who so desire to take this course in lieu of Latin. The department will be in charge of Miss Pauline Schofield, of Reidsville. Stenography, typewriting, bookkeeping, banking and commercial arithmetic will be taught, the complete course covering a period of three years.

The principals of the schools will meet with Superintendent Mann in the Lindsay Street school today and on Friday a teachers meeting will be held for the purpose of outlining the work for the coming school year. Former Superintendent Swift will assist Dr. Mann in opening the schools.

The teachers for the year are as follows: High School—A. H. King, principal; Misses Frances Womble, Bessie Caudle, Eleanor Elliott, Mary Jones, Will Warder Steele, Frances Sutton, Auvilla Lindsay, Gonzales Byrnes.

Lindsay Street—Martin L. Wright, principal; Misses Mattie Shaw, Blanche Pickard, Mary Boyles, Lillian Matthews, Daisy O'Neil, Florence Grey, Belle Hampton, Mrs. Ada C. Christian.

Davis Street—Miss Hunter Irvin, principal; Misses Emma Wrenn, Martha Pettit, Mary Yates, Nettie Fleming, Katherine Matthews, Rosalie Abbott. Asheboro Street—Lee T. Blair, principal; Misses Irene Boyles, Bessie McNairy, Emma Starr, Theresa Cook, Mary Richardson, Okla Dees, Florence Pannill, Ethel Harris.

Normal Training—R. A. Merritt, principal; Misses Etta Spier, Mary Owen Graham, Iola Exum, Ione Dunn, Ruth Fitzgerald, Annie McIver, Lavalette Dupuy, Sue Nash, Ethel Lewis Harris, Mrs. Lizzie McIver Weatherspoon.

Much Interest In Revival. The revival in progress at the Friends meeting, Asheboro street, continues with interest. Charles Hiatt, minister in charge, on Sunday night preached an able sermon before a large congregation. The services yesterday afternoon and last night were attended by good congregations and the spiritual interest was more pronounced than at previous meetings. The meeting will continue through the week and a cordial invitation is extended the public to attend.

ELON COLLEGE NOTES.

Prospect is for Best Year in the History of the College—New Students to be Given Royal Welcome.

Elon College, Aug. 29.—Mr. and Mrs. D. L. Boone, Durham, N. C., who have been visiting at Rev. and Mrs. C. H. Roone's have returned to their home.

Miss Mildred Atkinson and Mr. S. M. Atkinson, who have been "summering" at the home of Dr. J. O. Atkinson, their uncle, have gone to Summerfield, Tenn., and Meridian, Miss., respectively, where they will teach Latin in the High Schools of these cities the ensuing session.

Mr. S. M. Patton, class of 1909, passed through the College today enroute to Greenbriar, Tenn., where he will teach Mathematics next year.

His friends here regret to learn of the death from drowning at Atlantic City, of Mr. Virgil Hurley, whose home is at Wadesville, N. C. Mr. Hurley received his college training here.

Dr. Atkinson preached an eloquent sermon in the college chapel Sunday. That afternoon at Coble's pond, two miles away, he baptized by immersion three candidates, and received one member into the church on profession of faith.

Mr. Charlie Strayhorn's friends will be glad to know that he is likely to be elected to succeed himself as Clerk of the Court of Orange county, as the nominee of the Democratic primaries of that county. Mr. Strayhorn did not graduate here, but regards Elon as his Alma Mater just the same, since all his college preparation was here.

The hot water pipes from the Central Power Station to the various college buildings are nearly completed and will be in readiness by the opening day, September the 7th.

The dormitories and the campus are receiving their finishing touches preparatory to the opening.

The Vacation Number of the Elon Weekly will come from the press of Workman & Company, the publishers today. It will contain valuable information for prospective students and the institution's friends generally.

The prospect now is for the best year in Elon history. The office force is now busily engaged in answering correspondents and arranging for the comfort and convenience of the students when they arrive.

The members of the senior class, twenty strong, will arrive on the 5th of September, and will act as a receiving committee for the new recruits to the student body. The Y. M. C. A. and Y. W. C. A. and the Christian Endeavor will also be represented on the reception committee.

LYCEUM COURSE

Event This Year Will Consist of Seven Numbers of Superior Merit.

The Greensboro Lyceum Course has been announced for the coming season, the same to consist of seven numbers of very superior merit. Some of the faces are familiar to Greensboro folk. For instance there is Ralph Bingham with his grip sack of jokes, and Romey with his boys, who has for many years brought joy and inspiration to the people with his concert. There will be two male quartets, a lady quartet and an orchestra, and then Walden just from magic land with a basket full of mystifying tricks of his own making.

And all of this may be had for only \$2, so the announcement on the window card states. It certainly is a bargain counter proposition, to which both men and women will respond. However, the success of this proposition will depend on the number of tickets sold. At this price the supply of tickets ought to be quickly taken. If you haven't gotten yours, phone Drs. McLarty or Clark, or Prof. Jackson.

Local Alumnae Association of G. F. C. To Meet.

The second quarterly meeting of the local Alumnae Association of Greensboro Female College will be held in the assembly room of the Carnegie Library Wednesday afternoon, August 31, at four o'clock. All members of the association and any former students of Greensboro Female College, who have not yet given in their names for membership, are urged to be present.

Corinthian Masons.

At last night's meeting of Corinthian Lodge, No. 542, A. F. & A. M. the master mason degree was conferred on David M. Wise, District Deputy W. C. Wicker, of Elon College, presided over the meeting. A social session followed the business meeting.

Wanted—150 club members at \$1 per month at Economy Pressing Club. Phone 350.

NO SIGNS ON AUTOMOBILES

Aldermen Amend Section of Ordinance.

Requiring Each Licensed Driver to Display Prominently His License Number—Can Carry License Number on Special Card in Pocket—The Matter Discussed At Length by Several—Appropriation For Cemetery.

The automobile ordinance, recently passed, was the chief topic of discussion at last night's adjourned meeting of the Board of Aldermen and the discussion resulted in an amendment doing away with the section requiring each licensed driver to display prominently on the machine a sign bearing the license number.

Dr. J. P. Turner, automobile commissioner, appointed by the board to examine applicants for drivers' certificates, was before the board and said that he had stated at the last meeting that he would be willing for the fee to be reduced to \$1 provided the sign section was repealed. The fee was reduced, but the sign section still remained and he was before the board to have something else done before he proceeded further.

Messrs. W. E. Allen, J. A. Odell and Clarence Watkins also voiced their sentiments regarding the sign section of the ordinance. It was contended that the State number is sufficient to enable the police to identify the driver, or to trace him down and if there were several signs on a machine it would really be confusing instead of enlightening. After a full discussion an amendment repealing the Albright amendment and doing away entirely with the signs was passed unanimously. This amendment requires that each driver shall carry with him, or her, a card showing the name and address of the licensee, together with the license number. The fee is \$1 for the commissioner and 50 cents for the city. License can be renewed from year to year upon payment of a renewal fee of 50 cents.

Now applicants go before Dr. Turner and stand an examination and if he recommends them their certificate is taken before the Board of Aldermen and a license is granted. The amendment passed last night extends the time for the ordinance to go into effect until Sept. 15 in order that the applicants can stand examination and then come before the board at the next meeting on the afternoon of Sept. 9.

The board met at 8 o'clock, Mayor Stafford presiding and all the members being present, except Alderman Albright, who is out of the city. Messrs. J. W. Fry and J. A. Odell, cemetery trustees, presented the quarterly report of the financial condition of their department. This report showed that there was a deficit of something over \$400 during the past quarter, the city's appropriation having not been made. On motion of Alderman King an appropriation of \$1,000 for the year was made, together with an additional sum sufficient to cover the deficit.

Mr. Thos. S. Beall appeared to urge the board to grant license to Mr. C. E. Fry to operate a near beer saloon on West Gaston street opposite the fire station. The license was granted.

Mr. R. L. England asked for permission to auction bananas on the street opposite court square, but no action was taken.

The report of the Water & Light Commission was read and filed. The yearly report of the library trustees was read and ordered recorded.

Several other matters of a routine nature were transacted and just before an adjournment was taken the board went into executive session to consider some matter.

REMAINS OF AUSTIN

CARRIED TO COLUMBUS.

The remains of A. W. Austin, the young man who fell from train No. 36 Saturday afternoon and met instant death, were sent to Columbus, Ga., last night on train No. 35. Mrs. Cook, of Lynchburg, a sister, was here Sunday, but advised that the remains be held until Mrs. Austin wired instructions. Yesterday a wire was received by Huntley-Stockton-Hill Company from Mrs. Austin, instructing the undertakers to prepare the body and send it to Columbus, the necessary funds being wired the undertakers. The funeral will be held in Columbus today.

LOCALS CINCH ONE MORE GAME

Beat Hornets Yesterday by Score of 2 to 1.

Eldridge Allowed Only Three Hits and Fanned Seven Men—Opportunity Hitting, Coupled With Errors Gave Champs the Game—Other Results Yesterday—Where They Play and How They Stand.

In what would have been a good game had it not been frequently called on account of the drizzling rain the last year's Champs defeated Col. Lave Cross' ginger snaps by the score of 2 to 1. The Hornets easily show why they are in second place and why the Champs are in the cellar position. The Hornets are full of ginger and snap from the first call of "Play ball" until the very last man is out.

Eldridge was in his old time form yesterday and was master of the game at all points, his speed was there and he used his head and the corners of the plate. Three hits was his allotment to the visitors and seven of them he fanned. Jenkins, who was sent in to beat the locals on the strength of his being a side-wheeler, pitched a good game and it was not his fault that the Hornets lost the game. Errors figured in all the run-making of the day.

Out of the 24 put out by Charlotte, Garman at first made 16 of them, and he never made the least bobble, his work and the pitching and fielding of Jenkins, together with a fast double play by Cross to Hargrave to Garman were the features of the visitors.

Clapp, who made two scratch hits and a single, Rickard's great catch of a long one off Cross' bat in the fourth were the local's featuresome playings.

The Scoring.

The scoring was done like this: Fifth inning: Hornets: Williams fans. Hargrave gets a two base hit and goes to third on Hankie's infield out. Fuller to Moran. Jenkins strikes out but Beusse misses the last strike and the ball passes him, Hargrave scoring. McMillan pops out to Hicks. Runs 1, hits 1, passed ball 1.

Sixth inning, Champs—Fuller singles to left and goes to second on a wild pitch. Doak walks. Hargrave throws wild to second and Fuller scores. Doak at second. Bentley fouls out to catcher. Clapp singles and Doak scores. Hicks out second to first. Moran out short to first. Runs 2, Errors 1, Wild pitch 1.

The box score: Charlotte AB R H PO A E McMillan, cf. 4 0 1 1 0 0 Garman, 1b. 2 0 1 16 0 0 Cross, 3b. 4 0 1 1 1 0 Coutts, lf. 3 0 0 1 0 0 Dobard, ss. 4 0 0 4 0 0 Williams, rf. 3 0 1 2 4 2 Hargrave, c. 3 1 2 1 1 0 Hankie, rf. 3 0 0 1 0 0 Jenkins, p. 3 0 0 7 0 0 29 1 3 24 17 3

The Benefit Tickets.

Quite a number of people who wanted to assist the management in supporting the team bought the benefit tickets at the box office yesterday afternoon. The tickets cost \$1 each and are good for the gate and grandstand, 60c of the amount going to help the local club owners out of the hole. By buying one of the \$1 tickets at the box office it is showing an appreciation of the loyalty of the three gentlemen who have made baseball possible here for the entire season and goes a little ways toward helping them cover the big loss that the sport has been to them. A big crowd should be out this afternoon to see the last game of the year between the Hornets and the Patriots. It will certainly be worth the money, and the team deserves good support.

MRS. J. T. JOHNSON DEAD.

Passed Away Sunday Night At Home on Yagina Street.

Mrs. Elizabeth E. Johnson died suddenly at her home on Yagina street Sunday afternoon from a stroke of apoplexy. Mrs. Johnson was 63 years of age and was survived by her husband, Mr. J. T. Johnson, and six children, four daughters, Miss Martha Johnson, of Greensboro; Mrs. Seymour Lewis, of Burlington; Mrs. H. L. Sullivan and Mrs. J. M. Crutchfield and two sons, Mr. C. T. Johnson, of Burlington, and Mr. J. D. Johnson, of this city.

The funeral services were conducted yesterday at 12:30 p. m. from the late residence by her pastor, Rev. W. F. Staley, of the Asheboro Street Baptist church. The remains were taken to Burlington yesterday afternoon at 3:20 and interment will be made today at Mt. Olive church, twenty five miles in the county from Burlington, the old home of Mrs. Johnson.

In the funeral party that accompanied the remains to their last resting place were: Mr. J. T. Johnson, Miss Martha Johnson, Mrs. Clara Johnson, Mrs. H. L. Sullivan, Mrs. J. M. Crutchfield, Mr. J. D. Johnson, Mr. Willie Cheek, Mr. Ben Cheek and Mr. Graham Russell.

HOOKWORM IN SOLDIERS.

Diagnoses Made In Several Bodies of State Troops Show Coast Artillery to Be Less Infected Than Infantry.

Raleigh, Aug. 29.—Dr. Jno. A. Ferrell, North Carolina's hookworm specialist, working under the direction of the Rockefeller Sanitation Commission, has just completed a series of shaded maps of the state that show the distribution of the hookworm pest as it has been found through the serious investigations carried on. These maps show every county in the State except Gates, Jackson, Madison and Alleghany to be clearly infected and he explains that the four not credited with any infection have not really been investigated as yet. So that he really believes that it will be shown that every county in the State is infected.

The diagnoses of the men of the various regiments of the North Carolina National Guard, rather imperfectly made in some respects shows infection by regiments: First regiment, 36 per cent; Second regiment, 58 per cent; Third regiment, 32 per cent, and the Coast Artillery 29 per cent. The examination of the children of the Odd Fellows Orphanage at Goldsboro showed 53 per cent of the girls and 55 per cent of the boys infected out of a total enrollment of 96 children gathered there from 27 counties.

In this inspection of the infection of the militia there were upwards of one thousand examinations of which 42-5 per cent were found to be infected.

Whitsett Opens Wednesday.

Whitsett, Aug. 29.—Although the school here does not open until Wednesday, Aug. 31, students are already arriving, and over a dozen are already on the grounds. From the applications already in hand for rooms it is expected that the number this year will reach fully two hundred and fifty. Next Tuesday, Aug. 30, is the day that will see the arrival of the largest numbers, as that is the day before the opening on Wednesday.

ROBBINS GIVEN YEAR ON ROADS

For Shooting Ed Coltrane Saturday.

And Is Bound Over To Court On Charge of Shooting John Young—Cause of the Trouble—Injured Negroes Wanted For Selling Cocaine—Other Cases Before Judge Hobgood Yesterday.

Several cases were disposed of in yesterday morning's Municipal court and for a variety of charges. June Reitzel, chauffeur, who on Saturday exceeded the speed limit on South Elm street in order to get a nurse to the aid of a sick lady, was charged with the costs and given a caution. The Southern Railway was before the court and represented by Attorney G. S. Ferguson, Jr., for blocking an alley near Sergeant's foundry fifteen minutes. The charges were made by Mr. R. R. King and he was before the court to testify against the transportation company. The case was continued until this morning.

J. H. Reeves, a negro, was charged with beating his way on the Southern and given an option of raising \$5 and the costs by this morning or assisting Major Melver's force of road builders in improving the highways.

Hense Caldwell, a colored frequenter of the court, who has been on the scout for some time was charged with an affray and his case postponed until Wednesday morning. He put up \$12.50 cash bond.

The principal case of the day was one against Oscar Robbins, the negro, who doped up with cocaine and cheap liquor on Saturday morning and shot Ed Coltrane and John Young. He was tried on a warrant for assaulting Ed Coltrane with a deadly weapon. Chief Neelley was the first witness and he testified to receiving the phone message and the arrest as told of in Sunday morning's Telegram. Raymond Moyer, a carriage driver, told about Robbins hiring his carriage to drive about in style to do his shooting. He told of carrying Robbins to "Do Drop In" and to "Dingling" where at both places Robbins got his man, shooting Coltrane at the first stop and Young at the second. Robbins could not pay for the hack so he gave a ring as security for the bill.

Will Carter told of seeing Ed Coltrane and Robbins gambling, said that the Coltrane negro gave Robbins cocaine and took his money from him. Robbins went on the stand for himself and told a straightforward tale, said he had been gambling with Coltrane, Young and Fruit, that they had given him whiskey and cocaine and after he had won about \$7 from them in a "skin" game that they had put him out of the house and taken his money from him. He said he had been treated wrong and he got a gun and that he wanted to kill Young and Fruit and cripple Coltrane. In answer to a question from Col. Hobgood he said that he thought that he had a right to shoot the negroes if they treated him dirty.

The negro appeared to be nervous from the lack of the dope, cocaine, that he has been in the habit of taking and the drug has evidently undermined his health and moral perceptions. He has used the drug until he hardly knows what he is doing. Col. Hobgood when he sentenced the negro boy to the roads for one year for the shooting of Ed Coltrane said that steps should be taken to suppress the awful cocaine traffic; that it was without a doubt the worst curse that the colored race has. The case against Robbins for shooting Young is for assault with intent to kill and the assault took place outside of the city limits and will be tried in the next term of Superior court. Robbins bond, should he be able to give one, was not fixed.

The negroes, Coltrane and Young, when they get out of St. Leo's hospital, where they are now being treated for the gun-shot wounds that Robbins inflicted upon them, will have to answer to the charges of gambling and selling cocaine and will doubtless keep Robbins company on the county roads.

Mr. and Mrs. Gilliam Grissom and son, of Spray, are at the McAdoo.

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Greensboro People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final break down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferers except kidney help.

Doan's Kidney Pills act directly on the kidneys and cures every kidney ill. No need to take the statement of someone living far away as evidence.

Here's a case right in this locality. M. C. Foster, Graham, N. C., says: "I suffered from almost constant pains across the small of my back and I had but little ambition or energy. Doan's Kidney Pills were so highly recommended that I procured a box and used them as directed. They benefited me in every way and for that reason I recommend them to other sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SIDETRACKING PRESIDENT TAFT.

New York Evening Post.

Laughter can't help passing into anger, and a sense of gross outrage, when the real significance of Mr. Roosevelt's car-end harangues is fully taken in. For here is a private citizen assuming that he has supreme political power. Here is an ex-President shoving aside the actual President as if he were a truckman. Here is a man who forever chatters about the square deal, yet who treats his own friend and the chief of his own party with absolute unfairness, pushes himself forward as the only true fountain of justice, announces what "I will do" just as though his being elected President next time were already settled, and bears himself throughout as a peculiarly repentant combination of demagogue and dictator.

The thing goes beyond a display of bad taste. As such it is shocking, but it is, besides, an exhibition of moral impudence. "I will make the corporations come to time," shouted Roosevelt to the mob. But did he not really mean that he would make them come down with the cash to elect him, as he did before? For a man with Mr. Roosevelt's proved record it is simply disgusting humbug for him to rant about the corporations upon whose treasurers he fawned when he was President and wanted their money for his campaign. Does he think that nobody has a memory which goes back to the life insurance investigations, and that everybody has forgotten the \$50,000 taken from widows and orphans and added to Theodore Roosevelt's political corruption fund? Did he not take a big check from the Beef Trust, and glad to get it? And now he is going to make the corporations come to time! One can have respect for a sincere radical, for an honest fanatic, for an agitator or leveller who believes that he is doing God's will; but it is hard to be patient with a man who talks big but acts mean, whose eye is always to the main chance politically, and who lets no friendship, no generosity, no principle, no moral scruple stand for a moment between himself and the goal upon which he has set his overmastering ambition.

Such wild and whirling words as Mr. Roosevelt uttered yesterday are a curse to public life. They arouse passion without directing it. They give no one a clear idea of what the speaker meant, except that he sought to inflame the crowd and make mischief. His leaping back into his own role is both indecent and dangerous. It is indecent because, in utter disregard of all propriety and of personal and political fair play, he rushes upon the next Presidency as if it were already his, and boasts of the great things he is going to do; it is dangerous because the more the mob yells approval of his reckless speech, the more reckless it will become. It is evident that there are troublesome times ahead of the sober and steady people of this country in dealing with the man who came back to "help solve our problems," and is proceeding to do it by making them more difficult than before. There is nothing to do but to face him squarely and tell the truth about him. The taste of his quality which he gave yesterday will no doubt delight the crowd, but it leaves sensible and patriotic citizens aghast. They are startled by the thought that we may fall into the hands of this braggart in whom self-seeking is so finely blended with hypocrisy.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scale, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. BREED DRAGON FLIES TO OUST MOSQUITOES.

Insect, Which is Harmless to Man is Deadly Foe of Singing Pest.

New York, Aug. 28.—"Some experiments are being made at Bronx Park to determine whether it would not be a good investment for the Government to breed dragon flies to destroy mosquitoes," said a tall, elderly man, who sat in a boat on the little Bronx river at One Hundred and Eighty-Fifth street and Boston road yesterday. He was William Conroy, an employee of the Zoological Department of Harvard, and is spending his vacation in and about New York and Jersey City taking notes on the mosquito. "Not everyone knows," he said, "that the dragon fly is the worst natural enemy that the mosquito has. Both of them are born in the water and both wiggle around in the mud and ooze till the time comes for them to emerge. Then they come out on the stock of a lily pad, dry off in the hot sun and split their skin down the back and emerge from it with wings."

"The dragon fly has a wonderful lower jaw that shoots out like an arm and can grab almost anything that comes its way, but what it likes better than anything else is a mosquito."

"A few years ago I was out on the plains of Wyoming at a rather high altitude and near some wet land where mosquitoes simply seemed to eat us alive. Late in the afternoon they came swarming around us as the sun sank, and made life a torment. I was with a troop of United States soldiers, and we had camped for the night and had built a fire to smoke the mosquitoes away, but it did little good. While we sat there slapping at the pests there came a sudden dispersing of them. In a second's time almost there wasn't one of them in sight. We all noticed it. Then, darting from side to side and flying around the camp, came the dragon flies, six or eight of them, with their big shining bodies and tremulous gauze wings making a pretty picture in the afternoon haze."

"An old Indian guide who was in the party was the first to point out the dragon flies and tell us that the mosquitoes had been afraid of them. A little after the dragon flies had gone and back came the mosquitoes. Then after a little the flies came back, a dozen of them this time, stretched out across the plain in line of battle fifteen feet apart and each one advancing and darting from side to side in quick dashes. Every dash meant a mosquito killed and eaten, and it was no wonder that the mosquitoes fled."

"A few years ago the question was seriously taken up at the Museum of Natural History and at the Smithsonian in Washington of whether it would not pay to breed dragon flies, or devil's darning needles, as the grandmothers used to call them, to rid the country of mosquitoes. The investigations were called off for some reason and never pursued."

"I know a lady out in Cambridge who breeds a lot of dragon flies in an aquarium on her back porch every summer just to keep the mosquitoes away. After breeding they hang around the porch all summer close to the water where they were hatched, and she never has to use screens. While I sat there on the porch under the honeysuckle one evening I counted fifteen dragon flies on the wall or vines—but never a mosquito."

Have You Ever Said: "I don't see how all the Magazines live?"—

Undoubtedly you have. Probably you have often stood before some news stand and wondered what magazines to buy. There are a lot of magazines. Most of them are mighty good and most of them live because they are good

But there's one magazine that not only lives but GROWS. There are fifteen or more good reasons for this in every issue. These reasons are its "unbeatable" features—the special articles obtained at enormous cost—the best fiction in the world—and its powerful, sincere editorial purpose.

The September number for example: Every feature is a big one. It is actually stuffed with big, vital news—information that you ought to have, articles that explain things, stories that every member of your family will read with intense delight. Here are some of the extra good things:

Splendid Fiction. Stories—fine ones—by Arthur Stringer, Alice Brown, Mary Heaton Vorse, George Fitch and John Fleming Wilson.

"The Tooth Tinkers"—An account by Roy L. McCardell of "Painless Parkers" and their swindles.

"The Czar of Footwear"—Startling facts—all brand new—about the Shoe Machinery Trust, by Judson C. Welliver.

"In Reno Riotous"—A great story of the Johnson-Jeffries fight, by Harris Merton Lyon, filled with personality, crowded with local color, and illustrated just right.

The magazine that not only lives but grows is the magazine that is giving to the country "Peary's Own Story," a \$50,000 feature; it is the magazine that is publishing the first English translation in America of M. Rostand's world famous drama "Chantecler." It is "the Best Magazine in America" and it is called

When the civil war came on two classes of men in the north went out to fight. The one were actuated by patriotism, the other by what they expected to make out of the matter. But the war, instead of lasting but a few months, as many at first expected, furnishing military titles and big pay for this last named class, proved a gigantic, bloody struggle, and with each fight the army was in need of these so called soldiers.

Colonel Jim C. in 1862 commanded the brigade in which I served. The colonel had been a politician in a large city and was one of the first to "offer himself a sacrifice to the Union," his idea of that sacrifice being that he would start out with rank of colonel and return with that of general, picking up sundry "perquisites" by the way, then run for a fat office. He was a fine looking man and prided himself on being a lady killer.

No sooner were the troops grouped into brigades and divisions than Colonel Jim by virtue of the date of his commission was placed in command of a brigade. As soon as this elevation took place he looked about him for a staff. Being allowed two aids, he chose Louis Richmond and me, both second lieutenants. Richmond told me that he didn't like the colonel and was intending to ask to be returned to his regiment. But no sooner had he told me this than on receipt of a letter from the north he said that he would remain on the staff. I asked him why he had so suddenly changed his views, but he shut up like an oyster and refused to utter a word in explanation.

It was not long after this that one morning at the breakfast table the colonel's brow was very lowering. "Gentlemen," he said, "there's a thief on my staff. Last night while I was at Colonel B's headquarters—he had been playing poker—"my trunk was rifled of a package of papers."

As he spoke he looked at all our faces to note the effect of his words. I noticed that Richmond was the only one of the staff whose looks indicated consciousness.

"Might not the thief be one of the headquarters guard or an orderly?" suggested the commissary.

"No," replied the colonel; "the robbery was not committed for gain. There was money in the trunk, and it was not taken. Some one on my staff took the papers for a purpose. If I can prove it on him I'll have him court martialed."

The colonel's eyes were fixed intently on Richmond as he spoke. But Richmond went on eating his breakfast with a fair amount of equanimity considering that he was virtually accused of being a thief. Nevertheless during the day he made application to Colonel Jim to be returned to his regiment.

Now, the relations between a general and his personal staff are of a peculiarly intimate and confidential character. The general may nominate his own staff, and the nomination is considered an honor. But he is not likely to retain an officer who prefers not to hold the position given him. What was our surprise to learn from Louis Richmond that the colonel declined to issue the order returning him to his regiment. Evidently the commander believed that his aid had stolen his papers and proposed to force him to stay where he was until he could recover them.

Since Richmond made no denial of being guilty of the colonel's charge we treated him with coolness and finally refused to speak to him except officially. Though the young man winced under this, he seemed to be sustained by a consciousness of innocence. Meanwhile there were conditions between him and the colonel that we could not understand. Neither took any definite stand. The colonel did not prefer charges, and Richmond made no move to force the colonel to permit him to join his regiment, which seemed to be the only way to get rid of a very unpleasant situation. I noticed that Colonel Jim made no mention of the character of the purloined papers, and his aid made no effort to free himself from the obloquy that rested upon him.

Such were the conditions when we entered our first fight. The colonel did not show up at the head of his brigade, and Richmond, who appeared to be best fitted to take his place, issued orders in his stead. When the fight was over the colonel appeared, explaining his absence on the ground that he had got separated from his command when the fight opened and could not afterward find it.

But the division commander did not accept this excuse and called for Colonel Jim's resignation. It was handed in, and the political general disappeared from the service.

Colonel Jim's relegation to ward politics relegated Richmond and myself to our respective regiments. Soon after the fight he asked me to come to his quarters. There he made an explanation of the conditions existing between him and his commander. A lady had written him that the colonel had a number of letters from her which she was desirous should be returned. The colonel had declined to give them up. She asked Richmond to get them for her by hook or by crook. He had hooked them.

Of course Richmond received his reward. It was the lady herself.

\$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, irritating, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural cold breath; sleeplessness and the despondency?
I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$3.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, 1319 Lusk Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great sealing and pain-conquering power. It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

The Charlotte Observer observes that several want the postmastership of the Queen City. The news is not precisely what one would call sensational.

The President has written a letter giving his reasons for believing that voters in the coming elections should vote for Republican candidates for Congress. Mr. Taft having shown himself something of a dodger on the biggest question Congress is called on to consider, the tariff, is hardly in a position to give advice, that is, with any certainty that it will be taken by an appreciable number of people. Besides, did any one suspect that he would do other than advise the country to keep the Republicans in the saddle?

Advertising is a great help. Before Mayor Gaynor was nearly killed with an assassin's bullet he was spoken of for Governor of New York, but not spoken of very generally. But he fell wounded with Gallagher's bullet in his neck. Forthwith his name was on every tongue. It may well be imagined that in New York State during the time of his convalescence he was the most talked of all men. And the constant advertising has had its results. The New York Times has made a canvass of the State and found that "so strong and so general is the Gaynor sentiment that it has caused a lull in the discussion of other names which had been mentioned for the leading place on the Democratic State ticket."

Getting back home after weary weeks in a hospital as a result of attempted assassination, Mayor Gaynor, of New York City, said:

I am content. My great hope is that the event will help to make me a better man and more patient and just.

Who could not wish to be "a better man and more patient and just"? The mayor of New York has breathed a prayer for every one who is not so degraded as not to aspire. Every one owes it to his fellows to be "more patient and more just." And more just particularly. A certain distinguished, if very boisterous, individual claims to have discovered justice. But there is room for a faint suspicion that he didn't discover it at all. It is a beautiful thing and one that could hardly be striven after too energetically no matter who discovered it.

The Philadelphia Record finds a parallel of Mr. Roosevelt in Kaiser William, Louis XIV, King Canute and Mrs. Partington. It is not to be denied that the whole outfit had an awfully exalted opinion of themselves. Says the Philadelphia Record:

Strange how great minds run in parallel grooves of thought! "After posing for photographers the Colonel retired to his car." This is a standing item of current news; it may be read in any newspaper in the country any day in the week. From a recent European cable message we learned that "when ever the Kaiser wishes to communicate with his people directly and truthfully, to let them know how he looks and what he is doing, he calls in the camera man." "I am the State," said Louis XIV, sometimes called the Magnificent. "I am it!" shouts T. R. "Thus far and no farther," said King Canute to the sea; Mrs. Partington made a similar intimation with her broom. "I'll smash the rich. I'll smash the poor. I'll pulverize the corporations and I'll swat the mob!" ululates the Colonel.

A young Mr. Groome of this county joins the Republican party because as he says, the Democratic party has been tried and found wanting. We wonder if Mr. Groome was not a trifle hasty in his conclusions. He is a young man just out of college and presumably he was occupied with his studies at college

so that what opportunity he has had to study public affairs in this State has been that of the comparatively short time that has elapsed since he left the University walls. In picking flaws in the Democratic administration of affairs in this State, did he compare it with Republican administration of those affairs? He rejoices that the time has come when a man can vote according to principle, but did he stop to think that the passage of the Constitutional Amendment brought that time in which he rejoices and that the party whose banner he forsakes was responsible for the passage of that amendment? He says that the Republican party shows plainly that it is a young man's party. Let us see. The Democratic governor of this State is comparatively a young man. There are seven Democratic Congressmen and as we recall their names—Small, Kitchin, Thomas, Pou, Godwin, Page, Webb—we do not think of one who could be called an old man. The judge of this judicial district—J. Crawford Biggs—is quite a young man and the Democratic candidate for judge in a neighboring district—Mr. Lane—is so young that the Republican press has found great fault with him. The opponent of Mr. Frazier, candidate for Solicitor, particularly mentioned by Mr. Groome, is older than the Republican candidate, but may it not be said without any disparagement whatever of Mr. Frazier's merits that surely the experience and years of training in actual court work that Mr. Gattis has had make him better qualified to serve as Solicitor? Mr. Groome is young and with the impetuosity characteristic of youth he has leaped without looking.

CONTRACT TO BE LET.

For Portion of Line of Piedmont Traction Company.
Charlotte Observer.

Representatives of a number of leading contracting firms will gather in Charlotte this week to consider specifications and submit bids on the first stretch of interurban road in North Carolina—that between Gastonia and Mount Holly—which is to form a part of the Piedmont Traction Company's great traction development in the State.

The line that is to be built from Gastonia to Mount Holly, or perhaps better styled from Mount Holly to Gastonia, as it is more than likely that work will be started on the Mount Holly end, will be 16 miles in length. The road will be constructed throughout on a one per cent grade compensated with easy and balanced curves and nothing but the finest roadbed equipment procurable. The rails will be of the heaviest make and similar in all respects to those in use on the Carolina, Clinchfield & Ohio and Virginian roads, which are the standards in the way of construction in the South.

The last few pieces of right-of-way have only just been secured and everything is now in readiness for the giving of the contract and the actual commencement of operations. The survey has been complete for some time and now nothing remains but the awarding of the contract for the grading work. The specifications have been filled in and the submission of bids will be made probably this week, but the announcement of the award will hardly be given until Mr. W. S. Lee and Mr. J. P. Clark, president and general manager, respectively, of the Piedmont Traction Company return from New York where they are on business at present.

The route from Mount Holly to Gastonia is a very beautiful one from a scenic point of view and so arranged that it will take in the more important of the mill towns along the way. At McAdenville the South fork of the Catawba will be crossed on a high steel bridge. Owing to the hills in and about the town it will be necessary for the road to do considerable grading in order to maintain the one per cent grade.

This road will be designed for both freight and passenger travel, particular preference of course being given the freight end. The passenger cars can operate on any reasonable grade, but the long and heavy freights require the best roadbed and equipment possible.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do in ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, Price 75c. per bottle.

Take Hall's Family Pills for constipation.

And it is from the freight business that this road expects to derive the greater part of its revenue. As to going into competition for passenger travel such an idea is not entertained.

As to whether or not the contract for the grading of the entire line will be let now remains to be seen. It will depend in a measure upon the nature of the bids.

It is enough for the present to know that the Piedmont Traction Company is ready to go right ahead with its interurban work. It has already expended some \$40,000 in lands, rights of way, etc., in Gaston county and it would be folly not to proceed as rapidly as possible.

And in this connection it is of interest to note that all the contracts for supplies will be given at home. Home labor will be employed and home people will be given the refusal of everything that is possible. This but indicates something of the spirit of those behind the enterprise.

You can generally tell from a man's neckties whether he is married or not. There are almost as many different kinds of conceit as there are people.

A Suggestion for Early Fall

Possibly you have been thinking of a NEW SKIRT for Early Fall, and doubts have come into your mind as to what would be the proper material for this Skirt. Let us suggest to such an one that the French Serges of fine weaves and the small diagonals and that beautiful material called Chiffon Panama, will be used for Skirts this Fall, and you would not go wrong to select your Skirt of one of these materials. We are showing them over our counters at \$1.00 and \$1.50 the yard—beautiful black.

The Sensation of the Season

All Pure Silk—the biggest value you have ever seen in SILK HOSE. It is the "Marvel" of the moment—don't fail to take a look at them. Everybody can wear Silk Hosiery and feel happy, when they learn that the price is only 50 cents the pair.

The Comet Hose Are Here!

The COMET HOSE have arrived at this store, and can be seen by every one that enters this Daylight Store from 7 o'clock in the morning until 6:30 in the evening. The comet may come, and the comet may go, but the COMET HOSE we have with us today. How about tomorrow? Don't know. They are White, Sky and Pink, and they have the Silk Boot. The price is 50c. Better see them today.

NEW MONEY ORDER FORMS

They Will Do Away With Considerable Work, Postoffice Employees Say.

The postoffice department has issued a new money order form and the old style forms are being replaced with the new as rapidly as the supply in the several offices are exhausted. Denim Station has the new forms and they will be using only a small number of the old forms on hand. All offices will begin using the new form on January 1, whether they have old forms on hand or not.

The new form will do away with a good deal of work, employees in the money order department of the local office say. The new form is in four parts and with the exception of being a little longer is practically the same as the old one. Attached to the order is a coupon which takes the place of the old advice form, on which the clerk was obliged to duplicate each order and mail to the paying office.

Here is where the work will be lessened, it is thought. Heretofore a clerk after issuing an order tore from the order book the advice sheet, on which the order had been duplicated, and mailed it to the paying office, this letter having to be handled by the several clerks. Now this is done away with. The coupon is made a part of the order and is presented to the paying office by the payee attached to the order. The paying office tears off the coupon and files it just as it did the advice sheet and the order proper goes to the department at Washington as did the old form.

The new form is in four parts, the office stub, containing the number and the amount and date of issue; the order proper, containing the postoffice, date, number, amount in figures, the paying postoffice, signature of postmaster issuing order and a blank for the signature of the party receiving payment; the coupon, containing the number, the written amount, issuing postoffice, date, the name of the payee and the name of the remitter. The fourth section is the remitter's receipt and contains the number, amount and date.

CHAIRMAN MOREHEAD HERE.

To Open Up Republican State Headquarters—Will Be Located by Thursday.

Republican State Chairman John Motley Morehead arrived in the city last night and is stopping at the McAdoo. Mr. Morehead is here to open up State headquarters. With him are his private secretary, Mr. William Grissom, and Mr. Will Millner. Five rooms have been secured in the Benbow hotel building and everything will be gotten in readiness for the campaign, which actively begins on Thursday. The headquarters are just at the head of the steps and the rooms are most conveniently arranged for the purpose.

Mr. David Blair, nominee for Congress will also have headquarters in the same building and will open up soon.

Mr. J. E. Thacker went to Norfolk last night.

SEVENTY-SEVEN SEEK LICENSE

To Practice Law In State—Fall Term of Supreme Court Begins—Sixth District Candidates Pledge Obedience—Much Benefit From Exhibits At Ohio Valley Exposition At Cincinnati.

Raleigh, Aug. 29.—Seventy-seven embryo lawyers appeared before the North Carolina Supreme Court today to undertake the examination for license to practice in this state. Three are negroes. The examinations continued throughout the day, there being sixty-six questions. The court convened today with all five justices present. These are Chief Justice Walter Clark and Associate Justices Walker, Brown, Hoke and Manning. Third district appeals are to be called tomorrow.

The iron-clad pledges to abide by the result of the primary September 15 to settle the Sixth Congressional district Democratic nomination muddle were mailed today to O. L. Clark and Congressman H. L. Godwin by Chairman J. R. Young of the state committee. If any others are to enter the race as candidates they must register by September 1 and subscribe to this oath. It is believed that only Godwin and Clark will enter.

Writing from the Ohio Valley Exposition just opened at Cincinnati H. H. Brimley, of the North Carolina State museum says the outlook is for this State to derive an especially high degree of benefit from the exhibits from this state that are installed by the State department of agriculture and by the several railroad companies interested in this State. Speaking of the exhibit of the State department of agriculture which he has just installed, he says that it includes decidedly the finest displays of grasses, grains and general agricultural exhibits and fisheries specimens in the whole show. The Southern, the Norfolk and Southern and the Seaboard Air Line railroad companies have, he says, especially good representations of North Carolina resources. In the North Carolina horticultural exhibit by the Norfolk and Southern he says there are specimens of corn that are the finest he has ever seen anywhere. The Southern has more mineral specimens than from any other state. The Seaboard Air Line is demonstrating horticultural possibilities along its Carolina lines and has also fine shows of cotton seed, oil and by products that attract much attention. Mr. Brimley is very much pleased with the installation of the North Carolina exhibits and says the exposition will observe the longest daily hours, he has ever known—9 a. m. to 11 p. m.

The Wake County Commissioners held a long session today to consider the demand made by the management of the North Carolina State Fair that the license for the Ringling Bros. Circus to appear on Thursday of State Fair week be rescinded on the ground that the circus people had "slipped" in and secured the license in an underhanded manner to get ahead of the fair management which contemplated filing objection to any circus being licensed for fair week. The show people had Col. Armistead Jones and J. N. Holding for counsel and the State Fair interests were urged by R. H. Battle and R. W. Winston. The commissioners deferred action until next Monday when the September meeting of the board will be held. The insistence is made that the license to the circus is in the nature of a contract and cannot be rescinded without making liability for damages. The fair management insists that the circus will cost the fair thousands of dollars if it is allowed to come here during the fair. The demand is that they at least change dates with some other engagement in this state and visit Raleigh either before or after the State Fair.

BAPTIST PARSON CRACKS A JOKE ON METHODIST.

Does It, Too, in the Latter's Pulpit As the Supply of the Rev. Dr. John Wesley Hill.

New York World. The Rev. Dr. H. H. Wharton of Baltimore, a Baptist minister, occupied the pulpit of the Rev. Dr. John Wesley Hill, a Methodist, in the Metropolitan church, Seventh avenue and Fourteenth street, yesterday morning.

He enlivened his sermon by song and anecdotes. At the outset he said he thought it remarkable that a Methodist minister should have asked a Baptist to replace him, which reminded him of the story of the New York boy who had swallowed a quarter.

The child was crying, everybody in the house was shouting and running. A doctor arrived, but he tried in vain to make the child give up the coin. At last he advised the mother to call in a Methodist minister, for that was the person in New York most able to get a quarter out of people.

AN ENJOYABLE DANCE

At Lindley Park Last Night Complimentary To Those Who Will Leave For School.

Last night an enjoyable dance was given at Lindley park, complimentary to a number of young men and young ladies who will in the next few days leave to attend school at various places. About fifteen couples participated, music being furnished by a string band. The dancing lasted until after 12 o'clock, a special car waiting to bring the merry party back to town.

Those present were Misses Goetz Hunt, Ellen, Cutchin, Susie Gunter, Nelson Walsh, Fannie Barringer, Edythe Muir, Lillian Blackburn, Edith Wharton, Sophia Hart; Messrs. Will Bandy, Settle Sharpe, Frank Sharpe, Burton Newell, Clem Boren, Yates Hagan, Brockton Lyon, Roger Jennings, C. H. After September 15, Mrs. Weatherly will discontinue the credit business and sell strictly for cash on delivery. This step will be of mutual benefit, for it is evident, that if no money is put out for stationery, postage, collectors per cent and no lost accounts, she can sell goods much less than any house running on the credit system. Her goods will be marked for cash and sold for cash only. Mrs. Weatherly wishes to take the opportunity to thank the ladies for their liberal patronage and solicit a continuance of the same under the new cash system.

Ladies, we have just opened up two large shipments of new La France and Sherwood shoes for the fall season, and will be glad to show you the new styles at your convenience. Sherwood shoes sell for \$2.00, \$2.50, \$3.00 and \$3.50. La France shoes for \$3.00, \$3.50 and \$4.00. Thacker & Brockmann.

For small boys and girls to wear in September and October, too early for heavy winter shoes and too late to go barefoot, we offer a lot of neat, good quality oxford ties, sizes 5 up to 11, at reduced prices, 80c, 90c, and \$1.00. All the Barefoot Sandals we have left will also be sold at reduced prices. Thacker & Brockmann.

This store is still more or less upside down and torn up on account of remodeling and putting in a new front, but it looks like people know it pays to buy here, for we have had a good lively trade right along in spite of the confusion and noise and dust kicked up by brick-masons and carpenters. We are beginning to see daylight now, and some of these days the noise and racket will come to an end and you will see a very much improved and beautified store at the same old place 232 South Elm street. Our new fall goods are coming in and very soon we will be telling you about the biggest and best line of dry goods, shoes, carpets and underwear we have ever shown—and that's saying a good deal. Thacker & Brockmann.

A guarantee here means something. Selling thousands of pairs of shoes every year, as we do, it is possible that once in a while a pair should go wrong, but whenever this happens we are willing and glad to "make good" if you will call our attention to the trouble. A square deal is what we intend to give everybody who deals with us. We were here last year and we shall be here next year. You know where to find us if you have a complaint to make, and you will find us ready to make good every guarantee and glad to correct all errors. Thacker & Brockmann.

A QUEER UNIVERSITY.

Cairo Has the World's Oldest Educa-
tional Institution.

"When we think of Harvard or Yale, the former dating from 1638 and the latter from 1701, we think of them as old universities," says a writer in the American Educational Review; "but when we pass to the other side of the world we discover that even the oldest American universities are in reality very young institutions."

"The oldest educational institution in the world is the University of El Ashar, Cairo, founded in the year 988 by the great Saladin. It is the central seat of learning for the whole Mohammedan world, as well as a fountain of spiritual life. It occupies an ancient mosque in the Arab quarter of Cairo, surrounded by a confusing maze of narrow streets where the population is made up of representatives of every race that follows the prophet."

"The old mosque covers several acres and consists of a series of courts surrounded by long cloisters with low roofs supported by forests of columns. The floors of red tiles are covered daily by a multitude of men and boys, squatting in semicircles around their teachers, who sit with their backs to the columns lecturing in monotonous tones."

"The chancellor of the university is always a descendant of the prophet and is usually a man of ability and learning. He occupies apartments in El Ashar and is not only the supreme educational but the ecclesiastical head of the church of Egypt."

"There is no organization similar to that in modern universities. Any reputable man who desires to teach can obtain the privilege by application and is assigned a column where he may sit and impart the truth as he thinks proper. His fame or ability will attract more or less students and disciples, who pay him fees according to their means."

The Gegenschein.
The Gegenschein is the name given to one of the most inexplicable objects known to astronomers. It is visible in the night sky under favorable conditions, is rounded in outline and is situated always exactly opposite the place of the sun. It has been termed by one eminent astronomer "a sort of comet or meteoric satellite" attending the earth. He supposes it to be composed of a cloud of meteors situated about a million miles from the earth and revolving around it in a period of just one year, so that the sun and the meteors are always on opposite sides of the earth. It is estimated that the size of this ghostly satellite may be nearly the same as that of the planet Jupiter—i. e., about 86,000 miles in diameter.—Harper's Weekly.

Caught Too Quick.
"I plead guilty for stealing dem melons, judge," said the prisoner, "but I want de mercy er de court."
"On what grounds?" asked the judge.
"On dese grounds," replied the prisoner. "I stole de melons, but de sheriff didn't give me a chance ter eat 'em!"—Atlanta Constitution.

Woman's Power Over Man

Woman's most glorious endowment is the power to awaken and hold the pure and honest love of a worthy man. When she loses it and still loves on, no one in the wide world can know the heart agony she endures. The woman who suffers from weakness and derangement of her special womanly organism soon loses the power to sway the heart of a man. Her general health suffers and she loses her good looks, her attractiveness, her amiability and her power and prestige as a woman. Dr. R. V. Pierce, of Buffalo, N. Y., with the assistance of his staff of able physicians, has prescribed for and cured many thousands of women. He has devised a successful remedy for woman's ailments. It is known as Dr. Pierce's Favorite Prescription. It is a positive specific for the weaknesses and disorders peculiar to women. It purifies, regulates, strengthens and heals. Medicine dealers sell it. No honest dealer will advise you to accept a substitute in order to make a little larger profit.

GENUINE ECZEMA REMEDY

New Remedy That Cures Eczema Quickly.

Edward Gardner has sold dozens of jars of Hokara in the last few weeks, although he offered to refund the purchase price to any dissatisfied purchaser, not one jar was returned. While this is surprising in itself, yet the most marvelous thing is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, blisters and even bleeding itching have found relief in Hokara.

No matter where the eczema, pimples, or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time. You can buy a liberal-sized jar today at the very low price of 25c and with every package goes a guarantee to refund the money if it is not satisfactory. Larger size 50c.

If the skin trouble is caused by impure blood or if the bowels are inactive, the Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

NEWS FROM WALLBURG.

Institute Begins Year's Work—Prof. Curtis Married—Work of Development Company Progressing.

Wallburg, Aug. 29.—Liberty Piedmont begins the year's work Tuesday, the 30th. We have every reason to believe that the opening is going to be a gratifying success in every respect. There are very few room in all of the buildings that are not reserved. Every effort is being put forth to have everything in perfect readiness to begin work.

Prof. and Mrs. Kader H. Curtis arrived in town yesterday afternoon from Ahoskie, where they were married the 24th. They were received at the home of Mrs. C. M. Wall, where they were graciously entertained at dinner. After passing a very pleasant social evening they were received at the Institute by the young people of the town amidst a regular downpour of rice and confetti. They were treated "white" in the truest sense. Mrs. Curtis comes from one of the best families in Ahoskie, and we are exceedingly glad to welcome her to our town.

Miss Eva Wall left today for Thomasville to take a position as teacher in the Orphanage.

Miss Jessie Jenkins of Greensboro, is at home at the bedside of her sister, Miss Minnie, who has been ill, but is now improving.

The work of the Development Company is progressing rapidly. They are bringing about a great many desirable changes. It would be worth while for you to look over the new lots, which will be sold at auction about the first of October.

Acute or Chronic—Which?

No matter if your kidney trouble is acute or chronic Foley's Remedy will reach your case. Mr. Claude Brown, Reynoldsville, Ill., writes us that he suffered many months with kidney complaint which baffled all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says: "It has been of inestimable value to me." Holton Drug Co.

Womanlike.

The tourist climbed through the dust of ages and stood before the mummy of the Egyptian Queen.

"How natural she looks!" exclaimed the men in the party.

"But won't you turn her over?" insisted the women.

"What for?" demanded the dusky guide.

"So we can see how her dress is buttoned in the back."—Chicago News.

The Best Hour of Life

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C. when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—any Throat or Lung Trouble. 50c, \$1.00. Trial bottle free. Guaranteed by Fariss-Klutznick Drug Co.

ANCESTRY.

Some Famous Personages to Whom It Meant Nothing.

The making famous of the expression "I am my own ancestor" is usually credited to Andoche Junot, for a time a marshal of France. Junot had risen from the ranks and became the Duke of Abrantes and an important figure at Napoleon's newly formed court. One day a nobleman of the old regime asked him what was his ancestry. "Ah, sir," replied the spirited soldier, "I know nothing about it. I am my own ancestor." Probably he had never heard of the similar remark made by Tiberius about Curtius Rufus. "He seems to me to be descended from himself."

Napoleon's reply to the emperor of Austria was in a kindred vein. The Austrian when Napoleon became his prospective son-in-law would fain have traced the Bonaparte lineage to some petty prince of Treviso. "I am my own Rudolph of Hapsburg," said Napoleon. Under similar circumstance Napoleon silenced a genealogist. "Friend, my patent of nobility dates from Montenotte," his first great victory.

When Epichrates, the Athenian general, had it cast up in his face by a descendant of Harmodius that he was a shoemaker's son he calmly replied. "The nobility of my family begins with me; yours ends with you."

Almost the same words were used by Alexander Dumas when asked if he were not descended from an ape (covert sneer at his negro grandmother). "Very likely my ancestry begins where yours ends."

Voltaire in his "Merope" says: "The first to become king was a successful soldier. He who serves well his country has no need of ancestry."

To keep your health sound; to avoid the ills of advancing years; to conserve your physical forces for a ripe and healthful old age, guard your kidneys by taking Foley's Kidney Remedy. Holton Drug Co.

"Women are curious things," remarks the Philosopher. "We can't live with them, and we can't live without them."

Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of Liver and Kidney Trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Headache, Dyspepsia, Debility. 25c at Fariss-Klutznick Drug Co.

Here's a Hint To
Wise Shoe Buyers

A dress shoe is always a dress shoe. A work shoe is always a work shoe. The man who buys a good shoe for best and when the new is gone wears it for work—never gets the full value of that shoe.

The
Craddock Shoe

\$3.50 All Leathers \$4.00

is made in every desirable style—shiny leather for dress and street wear, dull leathers for work. Get a pair of Craddock dress and a pair of Craddock work shoes. The dress shoes will look well as long as you wear them. The work shoes will wear you longer than discarded dress shoes. Any Craddock shoe will wear 30 days longer than any other shoe at the same price.

Are you acquainted with the Craddock dealer in your town?
